

Cannon Park Primary Science Competition

We are excited to launch our very own Cannon Park Science Competition. This year, as part of British Science Week, we are asking children to guess what these magnified images could be. Use the clues to help you and submit your entries to Mrs Nagra by **Friday 14th March**. All correct entries will be collated, and winners will be chosen at random. There will be prizes for the winners so get your scientific thinking caps on!

1)

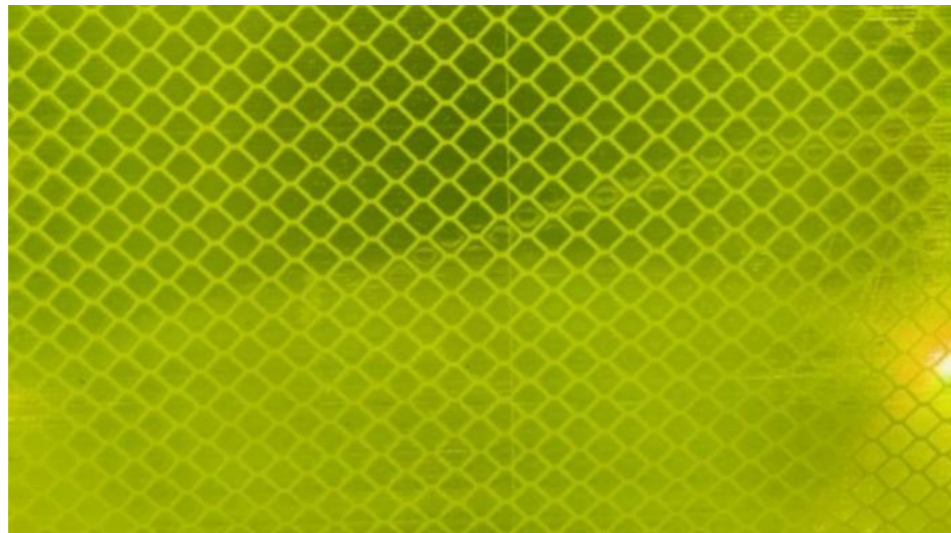

Dark marks

2)

Do you like butter?

3)

In an emergency

4)

Feathery friend?
