Dear Parents/Carers, Happy October

It has been wonderful to welcome so many of our parents into school for Parents' Evening this week. I have really enjoyed speaking with families and hearing so many positive comments about our school, our staff and, most importantly, the experiences of our children. Thank you for your kind words and continued support. The strong partnership between home and school makes such a difference, and it is lovely to see everyone working together to help our children be happy, confident and successful.

Have a wonderful half term and we will see you all back in school on Monday 2nd November.

Mr Ray

*Each week, we share a new word with the children to develop their vocabulary.
Could you use it at home this weekend?*

Word of the Week	curious
Definition	eager to learn, discover, or find out more about something
Synonyms	interested, inquisitive, eager

Dates for your diary

When	Who	What
26 th October – 30 th October	Whole School	Half Term Holiday
16 th November – 18 th November	Year 6	Willersley Castle Residential
Friday 20 th November	Year 5	Trip to Black Country Museum
Thursday 17 th December	Whole School	Last day of school for the Autumn Term
Friday 18 th December	Whole School	Training Day – School is closed

Letters sent home this week

Year Group(s)	Regarding
Years 4,5&6	Netball and Football Club Letters
Year 5	Black Country Museum Trip

Staffing News

We wanted to let families know that Mr Higgs will be leaving the school after half term, with his last day being Friday 13th November. We are very grateful for everything that he has contributed during his time at Cannon Park, particularly for his dedication in developing the Spinney, which provides an outdoor learning space for all children. We wish him well in the future.

Fundraising Calendar

We are very excited to have created a 2027 calendar as part of a fantastic community project, working in partnership with Amazon and several local charity organisations. We are delighted that Amazon has donated 100 copies for us to sell to families, with all proceeds going directly towards school funds. Our School Ambassadors will begin selling the calendars after half term, and we look forward to sharing further details, including prices and purchasing arrangements, very soon. Thank you for your continued support.

After School Clubs

Due to current staffing arrangements, we are unfortunately unable to offer as many after-school clubs as we have in previous terms. After half term, we will be running Football Club and Netball Club, both of which will continue until the end of November. Liz Wilson will also continue to provide dance lessons on a Tuesday morning, Midge Smith has Sugar Craft on a Wednesday and Spanish classes will run during school time for Year's 1-3 on a Monday. We will be reviewing our provision and exploring ways to develop and expand our after-school club offer from January. In the meantime, Clubs Complete continues to provide before- and after-school wraparound care for families who require this service. Thank you for your understanding and continued support.

Local Family Hub Warm Spaces

With temperatures dropping and the continued pressures of the cost of living, we would like to remind families that local Family Hubs offer a warm and welcoming space during their opening hours. Families can drop in, children can enjoy the toys available, and warm drinks and biscuits are provided. Please remember that parents and carers must stay with their children throughout their visit. Find out more here:

Celebrating our Learning Reception

What a fantastic half term the children in Reception have had! They have learnt so much already and have impressed us with how well they have settled into school life at Cannon Park. This week the children have been getting into the Halloween spirit with their learning activities. They have worked on their fine motor skills by having fun carefully hammering golf tees into pumpkins! They have investigated with mixing potions and used their creative skills by collaging a ghost to support their understanding of the 'g' sound!

We have continued to learn our school values. We have already learnt *Teamwork* and *Respect*, and this week we have introduced *Integrity*. It's wonderful to see the children recognise when they see each other showing our school values.

It has been wonderful to welcome you all to parents evening this week. I know the children are so proud of how well they have settled into Reception and it was lovely to share the progress they have made with you all.

It has been a real pleasure to hear the children read their books to us this week. They are becoming more detailed with their story telling and we enjoyed them sharing their favourite parts with us. They are strengthening their blending skills, and we have continued to enjoy phonics games in the classroom on 'Bug Club' which have supported the sounds they have learnt. Remember, these are set on Bug Club for your child to play at home too alongside their online books. Don't forget, your child's log in details are in their reading diaries. Well done, Reception! We have enjoyed every minute of our first half term and are looking forward to the next. Have a brilliant half term, and we will see you on Monday 2nd November. Miss Swain, Miss Williams and Miss Thompson

Year 1

What a fantastic and fun final week we have had! We can hardly believe how quickly the last eight weeks have flown by. In English, we wrote our retellings of *The Three Little Wolves and the Big Bad Pig* and worked hard to include all of the writing skills we have been practising to make them the best they could be. We then made predictions about what might happen next in the story and wrote about our ideas. Finally, we created our own alternative endings, and we were so impressed by everyone's creativity! What if the Big Bad Pig never turned good? In maths, we continued to develop our addition skills by adding more to an amount and solving a variety of addition problems. We are delighted with how confidently the class can now solve addition calculations and write their own addition sentences. In science, we completed our topic on materials with an exciting investigation. We challenged ourselves to build a bridge for the Three Little Pigs using only paper. Every group was successful! Although each group worked with the same materials and conditions to keep the test fair, they all designed different bridges capable of supporting the pigs. Afterwards, we discussed how we could improve our designs. Many children suggested using stronger materials, while one creative idea was to use glass so that we could see everything underneath! In geography, we enjoyed exploring countries around the world and had great fun using atlases for the first time. In RE, we revisited the question: 'What actions do people take to live out their values?' from a Muslim worldview. We learned about Zakah and how some Muslims show care and compassion by giving to those in need. We particularly enjoyed hearing from the Muslim experts in our classroom, who shared their experiences and knowledge with us. In music, we recapped our learning about finding the beat and pulse before extending our skills by creating our own rhythms. It was wonderful to see so many children feeling confident enough to stand up and perform their rhythms in front of the class. Nearly everyone wanted to share! In Book Talk, we practised our inference skills using *Catch That Chicken*. We discussed the difference between what we know from the text and what we can infer from clues within the story. The children had some fantastic discussions and demonstrated excellent thinking. This has truly been a wonderful first half term, and we are so excited to see what next half term brings. Well done to all of the children for settling in so well and always trying their very best. We hope you all have a restful and enjoyable half term, and we look forward to seeing everyone again on Monday 2nd November. Miss Brett, Miss Delargy and Mrs Akthar

Year 2

The first half term in Year 2 has flown by! The children have learned so much and have developed their knowledge and skills across the curriculum through all the exciting learning that has taken place over the past eight weeks. The progress they have made has been fantastic, and they should all be incredibly proud of how much they have achieved already.

NEWSLETTER

Issue Number 08 – Friday 23rd October 2026

In English, the children have really impressed Miss Bullock, Mrs Akthar and me with their wonderful poetry inspired by the poem *If I Had Wings*. It was lovely to see where the children would choose to travel around the world and what adventures they would like to have. They carefully considered their word choices and used a range of ambitious vocabulary and synonyms to make their poems engaging and imaginative. In Maths, we have continued our work on addition and subtraction. This week, we have focused on adding and subtracting both within and across a ten. We discussed the importance of knowing our number bonds to 10 and how these help us with more challenging calculations. The children have also been finding 10 more and 10 less than a given number, as well as adding and subtracting multiples of 10. They have used a range of practical resources, including Dienes, cubes and number squares, to support their learning. It has been wonderful to see their confidence grow as we have progressed through the topic. As historians, we explored how London was rebuilt after the Great Fire of London. The children learned about the damage caused to the original St Paul's Cathedral, homes and churches, and investigated the changes made during the rebuilding process. They discovered how roads were made wider and how houses were rebuilt using brick and stone to help prevent future fires from spreading so quickly. In Science, we completed our topic, *Where Would an Animal Choose to Live?* During our final lesson, we investigated how we can tell whether something is living, dead or has never been alive. The children explored the life processes that all living things carry out and used the acronym MRS GREN to help them remember these important characteristics. We have also excitedly shared details of this year's Christmas performance, *A Bundle of Joy*, and handed out the children's parts. Please could you help your child to learn their lines over the half-term break, as we will begin rehearsals as soon as we return to school. Finally, we would like to say how proud we are of all the children. It was wonderful to meet so many of you during Parents' Evening and to share the fantastic learning and progress your children have made this term. Well done, Year 2! You should all be extremely proud of yourselves. We are looking forward to another exciting and successful half term together. We hope you all have a happy, enjoyable and restful half-term break. Miss Softic, Miss Bullock and Mrs Akthar

Year 3

And just like that, we have reached the end of our first half-term, and what a busy and exciting one it has been! Over the past few weeks, we have become authors, illustrators, mathematicians, scientists investigating our bodies, athletes, historians exploring the rich history of our city, musicians, and so much more! As biographers this week, we wrote about the lives of significant people in history. Linking our learning to Black History Month, we discovered fascinating facts about Rosa Parks, Martin Luther King Jr. and Nelson Mandela, exploring how each of them showed great courage and determination in the fight for equality.

CANNON PARK PRIMARY SCHOOL

NEWSLETTER

Issue Number 08 – Friday 23rd October 2026

We carefully organised our biographies in chronological order and used fronted adverbials of time to guide the reader through key events in their lives. As mathematicians, we have been making connections between calculations. For example, if we know that $8 - 5 = 3$, we can use this knowledge to work out that $80 - 50 = 30$ and $800 - 500 = 300$. We have also started using the formal column method for addition without exchange, ready to move on to exchanging after the half-term break. On Tuesday, the rain certainly did not stop us from getting active! We brought our P.E lesson indoors and enjoyed a chair yoga session, which certainly gave our arm muscles a workout! During R.E, we explored how nature and the seasons can shape Muslim worldviews. We were very fortunate to have our own Muslim worldview experts in the class, who confidently answered questions from their peers about Ramadan and Eid. We also explored the importance of the moon in the Islamic calendar and how its observation helps to determine the beginning and end of important months and celebrations. This week, we also created some beautiful poppy artwork and a selection of these are currently on display at Cannon Park Shopping Centre, so please do take a look. Finally, it was wonderful to see so many of you at Parents' Evening this week. It is always a pleasure to share and celebrate the children's hard work, progress and achievements. We would like to wish you all a wonderful, restful and well-deserved half-term break. Mrs Nagra and Miss Palmer

Issue Number 08 – Friday 23rd October 2026

Year 4

The week got off to an exciting start with our trip to the Lunt Fort. The children had a great time learning about life in a Roman fort. They practised marching; learnt how to fight with a sword and shield; found out about a Roman soldier's life living in a fort; and even got to try on some of a soldier's clothes and armour. On Tuesday and Thursday, it was lovely to meet lots of you during parents' evening and to discuss how your child has settled into Year 4. If any further questions have come up after parents' evening, please come and speak to either of us before or after school, or send an email. In this week's English lessons, Year 4 have been writing non-chronological reports about Black Roman History linking to Black History Month. All the children have really impressed us with the quality of their writing. They have included: an opening paragraph; 3 paragraphs on specific black Romans: Septimius Severus, the first black Roman emperor; the Ivory Bangle Lady, a wealthy Roman who was of mixed-race descent; and the Aurelian Moors, an African legion who guarded Hadrian's wall; and they have used adverbials of cohesion to link their sentences together. In our maths lessons, the class have been learning about area. After half-term, we will move on to learning about multiplication and division. As scientists, the children have learnt about the water cycle, using words such as evaporation, condensation and precipitation. They have even made their own water cycles in a bag! They can be seen stuck to the classroom windows as you walk past. In computing, the children have been considering whether or not they should believe everything that they read on the internet and in RE, they have learnt about Christian charity work. Phew – what a busy week! We hope everyone has a restful and enjoyable half-term break. Mr Kelley, Mrs Amphlett and Miss Palmer

NEWSLETTER

Issue Number 08 – Friday 23rd October 2026

Year 5

What a fantastic first half term we have had in Year 5! We can hardly believe how much learning we have packed into the last eight weeks. In maths, we have been exploring common factors, prime numbers, square numbers and cube numbers. We used multi-link cubes to help us investigate square and cube numbers practically, allowing us to visualise how they are formed and make links to our times-table knowledge. In English, we have been writing short biographies to mark both Black History Month and Remembrance. The children researched Black servicemen and servicewomen who showed incredible courage during the Second World War and used their findings to create thoughtful biographies. Keep an eye out for some of our finished work, which will be displayed at Cannon Park shops! As writers, we have also been getting into the spooky spirit by creating atmospheric settings inspired by a short animation featuring Whitby Abbey. The children worked hard to build suspense through carefully chosen noun phrases and varied sentence openers. We continued the spooky theme in music, using the same animation as inspiration to compose our own atmospheric soundtracks. The children experimented with body percussion, vocal sounds and percussion instruments to create music that matched the mood and action of the film. In science this week, we investigated the question: What is the effect of air resistance on a moving object? We enjoyed conducting a practical investigation, testing the air resistance of different shapes attached to straws to create our own simple planes. We have also completed our geography topic on trading goods around the world with a lesson about Fairtrade. We learnt why fair trading is so important, including helping to protect workers' rights and ensuring that farmers receive a fair price for their crops. We also discovered how Fairtrade can support more sustainable practices and help to protect the environment. Following our marvellous Art Week last week, our wonderful Picasso-inspired portraits are now displayed in the hall. Many of you may already have spotted them at Parents' Evening! We are incredibly proud of the children's creativity and the fantastic final pieces they produced. The children have worked hard and shown lots of enthusiasm for their learning this half term. They deserve a well-earned break! We hope you all have a lovely, relaxing half-term holiday. Mrs Aston, Mrs Reihill, Mrs Cleveland and Miss Uzzaman

Issue Number 08 – Friday 23rd October 2026

Year 6

This week has been another busy and exciting one in Year 6, with children producing some excellent work across a range of subjects.

In English, some children have been putting the finishing touches to their fascinating dinosaur non-chronological reports. They worked hard to organise information clearly, use ambitious vocabulary and present interesting facts for their readers.

The class also finished reading *Holes* by Louis Sachar and thoroughly enjoyed discovering how the different storylines connected by the end of the novel. To celebrate finishing the book, the children wrote their own book reviews, sharing their opinions about the characters, plot twists and memorable moments. They demonstrated excellent reflective writing skills and provided thoughtful recommendations for future readers.

As mathematicians, the children continued developing their understanding of the order of operations. This week, they extended their learning by incorporating squared and cubed numbers into calculations. Pupils worked hard to apply the correct sequence of operations and showed increasing confidence when tackling more challenging multi-step problems.

Year 6 had great fun exploring Tinkercad for the first time. The children learned how to use the design tools to create their own digital **Jack-o'-Lanterns**, experimenting with shapes, sizes and creative features. It was wonderful to see their imagination and problem-solving skills on display as they developed their 3D design abilities.

As part of our commitment to community engagement, the children created a beautiful biography display about Noor Khan which has been showcased at Cannon Park Shopping Centre alongside work from the other year groups within school. The biographies highlighted Noor Khan's incredible bravery and important contributions during World War II. The children took great pride in researching, writing and presenting their work, helping to share the story of this remarkable individual with the wider community.

We hope you have a wonderful half-term and thank you for your continued support. Mr Young and Mrs Kailey

A big thank you to our lovely OSC ladies in the kitchen for making spooky cupcakes, they were fabulous!

Book of the week!

About this book: Greedy squirrels Cyril and Bruce both have their sights on a very special prize: THE VERY LAST NUT OF THE SEASON! As the nut bounces crazily through the forest, the squirrels race after it, between the trees, over boulders, down the river and - ARGH! - right to the edge of a waterfall! Working together might be the only way to save themselves now.

Starting school?

Due to start primary school in September 2027?

Take action now

You can find out all you need to know about school admissions and apply online from September 2026 at coventry.gov.uk/schooladmissions or call 024 7697 5445.

Apply on time to give your child the best chance of getting into your preferred schools.

Closing date: 15 January 2027
Offer day: 18 April 2027

coventry.gov.uk/schooladmissions

Apply for children born between 1 September 2022 and 31 August 2023

- If your child attends a school/nursery you still need to apply
- If you have an older child at the school you must still apply

Many of the schools have specific admission arrangements and it is important that you consider these carefully when making your application.

Information regarding the catchment area for your address can be found at coventry.gov.uk/catchmentareas

To find all the information you need, go to our website coventry.gov.uk/schooladmissions

Coventry Libraries & Information Services

Starting Secondary School in September 2027

Apply online at coventry.gov.uk/schooladmissions by **31 October 2026**

for children born between 1 September 2015 and 31 August 2016

31 October 2026	Closing date for all applications
31 December 2026	If you move homes before the 31 December 2026, you MUST contact the School Admissions Team to update your address.
1 March 2027	Result emailed by 5pm or details available in your online account.

Key facts about the application process

- All parents of Year 6 pupils must apply for a school place through their Local Authority (the city where you live).
- Non-Coventry schools and Grammar schools can be listed on your application.
- Even if you already have an older child at the school you must still apply for your younger child.
- You should list three schools in order of preference, by not including three realistic preferences, it could result in your child being allocated a school some distance away. There is no advantage in listing fewer than three schools or including the same school more than once.
- If you live within a school catchment area you have more chance of your child being offered a place at that school if you request it and make your application on time. Information regarding the catchment area for your address can be found at coventry.gov.uk/catchmentareas

School Open Days are advertised at coventry.gov.uk/openevenings

Make your application on time to increase your chances of getting the school you want

Increase your chances of getting the school you want

A copy of the secondary school admissions booklet is on our website at coventry.gov.uk/schooladmissionsbooklets. Please consider each school's specific admissions arrangements carefully when making your application.

- Look at the over-subscription criteria in the policy to work out which priority would be given to your application.
- Check how places have been allocated in the last 3 years.
- Check your distance from the school. The Admissions team can confirm this for you, please email: t1plus@coventry.gov.uk stating 'distance query' in the subject box.
- Compare your priority and distance with how places have been offered in previous years to get an indication of how successful your application might be.
- Please check the details on applying for a faith school as this may require you to provide additional information as part of the application process.

Please go to our website at coventry.gov.uk/schooladmissions for details on how to apply. For further help call School Admissions on 024 7697 5445
